MILWAUKEE:

SATURDAY.....JUNE 2.

THE IMPUDENCE OF SLAVERY.

There never was a truer picture of the influence of Slavery, in debasing the character of the slave-holders and rendering them insolent beyond endurance, than that drawn by Thomas Jefferson. They have so long been accustomed to rule and dictate and treat northern men as serfs, that they cannot bear any check upon their career of conquest.

The Richmond *Enquirer*, the organ of the Slave-breeding Democracy of Virginia, calls on the South to exclude the Massachusetts Senators and Representatives from the halls of Congress, because that state has passed the personal liberty bill, and also the members of Congress from any State which imitates Massachusetts' example. It says:

"The slaveholding States can no longer, with safety, delay to act. What course shall they pursue? This is a grave question, but it must be promptly and resolutely met. If the act of Massachusetts goes into effect, *it will be the duty of the South to expel the incumbrance of the members of either branch of Congress from that State into the Capitol*, until it is expunged from her code book." The South reasons in its bearing to the North precisely as it did when Washington first entered upon his Presidential duties. It has never been guilty of the slightest aggression on any of the so-called free States.—From the past we must not swerve a line.

"The metropolis of the Republic is located within its limits. The metropolis is not a town, and expel therefrom the Goths and Vandals, who are undermining our great political edifice. *A resolve of exclusion against those who do not from a State violate no clause of a constitutional provision, or even violate any one conformably with what constitutional process is, should be permitted to take his seat.*"

The rebellious talk about the South "has never been guilty of the slightest aggression" upon the North, and assigns the same relation to the North now as in the days of Washington, will give no encouragement to proceed from those who are incited, by such a statement, only derision and contempt. The insult is outrageous enough to rouse the people of the Free States, without any such threats and insolence as are contained in the rant of the Virginia slaveholders and their confederates, by the Richmond *Enquirer*. That slave talk as if the two or three hundred thousand slave-holders of the South owned all this country, the Government, Capitol and Congress to boot. The next House of Representatives will teach such braggarts their mistake. They will learn from the doings of that body that there is a North, and that the Goths and Vandals of the Republic are South of Mason & Dixon's Line, and that they cannot longer desecrate the temple of Liberty, with impunity.

We feel encouraged by the threats of the *Enquirer*, because it unmasks the true character of Slavery. The organ and sentinel of the slave Power, it makes patent to the whole world the aggressive and domineering spirit and the intolerable insolence of Slavery. We hail all such threats of the Southern overseers as the most hopeful signs of promise for Freedom. Let the Slaveholders spit on the servile Northern tools, and lash them with insult, and kick them to their heels' content. Let the Democracy kiss the vocabulary of taunt and degrading epithets, to and from, phrase with which to stigmatize the docile and subservient North. Let them put their mark upon the Northern doughfaces, so sure to wear the branding iron of ownership which stamps them as their political chattels, and rub their Southern dirt into the eyes and ears and noses of the cowards and political knaves, who have sold the birthright of Freedom for a mess of Southern pottage, and brought the North into vassalage to the vilest and meanest aristocracy in the world, whose heraldry is the whip and the chain, whose despotic power is attested by blighted fields and decaying commerce, and by the bleeding hearts and crushed hopes of millions, and whose machine insolence and outlawry are the scourge of Earth and the pitying scorn of Heaven. Go on, ye buccaneers of the human race. We like you, for the boldness of your villainy and unmitigated scoundrelism.—Fire away and stir the poker right briskly.—We are kindling a better fire in the rear of the serviles, than you can possibly build in front, and if the doughfaces don't get pretty well heated between two such fires, we shall be in favor of chartering a Mining Company to dig a passage for them, 21 miles downward, to the domain described by Father Walworth, as set apart for the home and heritage of the refuse of mankind.

SENATOR'S CORRESPONDENCE.—The Congressional Postmaster States that the largest mail matter received by members of the Senate, are those of Messrs Cass, Chase, Seward, Douglas and Sumner. If the communications made to senators are an index of their political importance, we have a pretty fair one here.

There were 94 deaths in St. Louis last week.

Spiritualism: a Phenomenon.—What is the Explanation?

MR. EDITOR:—The following event has transpired in this city within the last few weeks. Facts are always valuable and should be regarded by thinking men. We think the following relation, especially as it does not differ essentially from hundreds of others occurring in every part of the country, justly challenges the consideration of the philosopher. If the phenomenon belongs to science, then it is certainly science that might be made practically useful, if properly understood and properly employed. If it belongs to a higher department, of what we term the super-natural or Providential, then the effect should be to increase our faith in, and our feeling of dependence on, an ever watchful Providence, interfering by means of subordinate agencies, to avert danger and preserve our lives.

Some three weeks ago, a lady of this city, who is in the habit of passing into the abnormal, clairvoyant, or medial state, was attacked with a severe pain of the stomach, coming on in paroxysms several times in the day. This increased in frequency and severity daily. She applied to a physician who thought it neuralgia, and prescribed for her, but without benefit.

In a week longer, the pain had become terribly severe and without intermission.—Every particle of food distressed her intolerably, and for four days she kept her bed, during which time her whole nourishment was two crackers. She felt and expressed the conviction that she could not long survive. She refused to have a physician again called, from a settled feeling that he could not help her. In this condition she fell into the abnormal state, and an intelligence, professing to be the spirit of a French girl, announced through the patient, as a medium, that she had swallowed a pin, which was the cause of her pain, and that the result was of a very doubtful character. On another occasion the same day, the same intelligence announced the same fact, and said that an Indian doctor would take possession of her, and endeavor to remove the pin. On the following day accordingly, the spirit of an Indian Doctor, took possession of her (I use the language commonly employed in such occurrences) and the medium at once assuming the manner and broken English of the Indian, announced that she had swallowed a crooked pin in her sleep about two weeks before, that the point was bent round in a circle by her teeth while asleep previous to swallowing it, that he would endeavor to remove it, and thought he would succeed before night. In the afternoon she commenced vomiting very hard and threw up nearly a quart of blood, both fresh and coagulated, and what appeared to be matter and mucous. The husband took out the vessel and emptied the contents among chips and dirt. On returning, not having discovered the pin, he remarked to the Indian doctor, that he guessed he was mistaken about the pin, but the doctor, in broken English, vehemently protested that he was not mistaken, and by words and gestures signified that it was in the dirt with the contents of the vessel. The medium patient then rose and with her eyes closed went down stairs, out into the back yard, and proceeding directly to the spot—three persons accompanying and watching her—grasped a handful of the contents of the vessel, mixed with dirt, and returning placed it upon a newspaper, telling the husband to look for the pin. A very short examination discovered it, bent at the point somewhat like a boy's pin fish-hook, and corroded and blackened by the acid of the stomach, or the gastric juice. The paroxysms of pain ceased from this time, only leaving the stomach tender and irritable from the injury it had received from the pin, and she is regaining her usual health.

Now, the question arises, whence was the intelligence derived that gave the information that she had swallowed a pin? Was it her own intelligence, when in the clairvoyant state, or was it communicated, from a super-mundane source? Can any one tell us? It is to be observed that when in her waking state, after being told the cause of her disease, she did not believe it, thinking she could not have swallowed a pin, without knowing it. But on going into the abnormal state again she again repeated, as the medium, the fact that she had swallowed it in her sleep, and on again waking, she believed nothing of it. A SPIRITUALIST.

Milwaukee, June 1st, 1855.

REMARKS.—From our knowledge of the parties, we have no reason to doubt the truth of the statements in the above communication.—We have seen the pin said to have been ejected from the patient's stomach, and its appearance is as described. Now that *a pin has been stuck* in one fact connected with what is called a spiritual demonstration, will some one who denies the truth of spiritualism, give a rational explanation of this phenomenon?

LIKE all the rest of us, Wise has some faults, but he is a *great* man, and honest in his intentions.—*Fond du Lac Union.*

Does the editor of the *Union* mean to draw his parallel between "the rest of us" Union Democrats and Wise, far enough to *lap over* Wise's *greatness*, or *break it off* at Wise's *faults*? Or, would he run it into the ground, in the neighborhood of "honest intentions."

MR. E. D. LAND, formerly of this city, is elected to the Kansas Legislature from the Lawrence district. Mr. L. is decidedly opposed to extending the curse of slavery over Kansas.

COLD ENCOURAGEMENT.—The Fond du Lac *Freeman*, in noticing the anxiety of the Appleton *Crescent* to arrange the affairs of the Republican party, says:

Perhaps the *Crescent* is Commander-in-Chief and despairing of getting the Democratic party to act kind o' decent, has undertaken to run the Republican party on shares. We merely suggest to the *Crescent*, that while we admire its wide-awake character as a local newspaper that it would be asking too much of it to manage all the political machinery of both parties. The Republicans believe in the dignity of labor, and are rather desirous of doing their own work.

CONNECTICUT.—In the House of Representatives of this State, on the 31st ult., the bill extending the right of suffrage to colored persons, was defeated by twenty majority.

WISE, over whose election all Hunkerdom rejoices, was a flaming Whig, then a Tyler man, and boasted that not a single newspaper was published in his Congressional District.

Arrival of the North Star.

NEW YORK, June 1st.—The *North Star*, from Havre on the 19th of May, arrived this A. M. with dates same as by the *Pacific*. The *St. Louis* had arrived at Havre on the 19th in a damaged condition from contact with an iceberg near the Eastern end of Grand banks.—The bows were badly stove, but fortunately above the water line.

The barque *Release* and propeller *Arctic*, dropped down the bay yesterday, and anchored at Quarantine, preparatory to leaving on the Arctic expedition.

The Democrats celebrated the victory in Virginia, at Tammany Hall last night.

Another meeting for erecting a monument at Fort Greene, Brooklyn, to the Prison-ship Martyrs, took place last evening, and several influential citizens, including the Mayor, were present.

BOSTON, May 31st.—The Anniversary meetings closed generally last evening.—They have been well attended.

WASHINGTON, June 1st.—The Steam frigate *San Jacinto* is to return to New York, where Capt. Paulding will assume her command, and she will again join the Gulf Squadron, to which there is a first class frigate to be added.

DESTRUCTIVE FIRE IN NEW-YORK.—On the night of the 30th ult., a destructive fire occurred in New-York, consuming building No. 49, Ann Street, occupied by John F. Trow, printer and publisher of the New-York City Directory, with its contents, including the material for the City Directory in a forward state; also, damaging the adjoining building, occupied by Mr. Trow—insured for $44,000, which will more than cover the loss.

The Goods of Lewis Dunn, worker in gold and silver, and Merrill, Donald & Co., importers, were damaged from $5,000 to $10,000 mostly covered by insurance.

BUSINESS OF MENASHA.—It is astonishing to see the amount of business which is daily transacted in our town, particularly at the docks. We presume more produce and people have been landed here during the present season than for the last two years together. So great is the business increasing at this point that we are often visited with two and even three steamboats a day. On Wednesday last, the steamers *Peytona Barlow*, and *Sampson* arrived here, crowded to their utmost capacity with passengers and freight. On Saturday the steamer *Eureka* and the schooners *Merchant* and *Trader* landed here on the same business. Produce is accumulating on our docks to a heavy extent, and it is impossible to procure teams to haul it away. Mr. W. N. Webster has furnished us with the amount of produce alone, landed at his dock during the past week, which holds up as follows; 1,355 bbls. flour, 3,472 bus. Wheat, 400 bus Potatoes, and 300 bus. Corn and Oats.—*Menasha Adv.*

ACCIDENT.—A serious accident occurred on Monday last at Fort Atkinson. The circumstances as nearly as we have been able to learn them were as follows:—Mr. Joseph Vandewater, accompanied by Miss Delia Whipple, both of Hebron, was driving a spirited horse into town some time during the fore part of the day, at which time the "Great American Circus" was preparing to exhibit, causing all sorts of sights and sounds which are common on such occasions, at which the horse took fright, turned some short corners, became unmanageable, whereupon Mr. Vandewater thought it advisable to jump from the carriage, and in so doing fractured the bone of one of his legs. The horse ran a short distance, threw the young lady from the carriage, her chest striking upon the top of a picket fence, upon which she remained suspended until removed by those present. Her internal injuries were thought to be serious—caused insensibility for a considerable length of time. Her physician thinks it possible that she may recover, but considers the case a doubtful one.—*Jeff. Co. Jeff. 31st ult*

SAIL TRIMMING.—The Appleton *Crescent* has the reputation of being one of the most out spoken, independent Democratic journals in the State. But of all the inconsistent sheets, so common in these days of political transition, the *Crescent* can take the palm. * * * *

Serving GOD and Mammon, at the same time, is as impossible politically, as it is morally.

The *Crescent* is the embodiment of Sewardism in the Democratic party of Wisconsin; by which we mean that conservative position taken by a few who are chained to a dead carcass, who suppose they can by staying in a party, corrupt beyond redemption, reform it till it will accomplish the ends sought by the radicals.—The result is, the party keeps drifting to the devil, and takes these half-reformers with it, as it goes.—*Fond du Lac Freeman.*

THE STOCKBRIDGES.—The Commissioner of the General Land Office, Mr. Wilson, arrived at Stockbridge on Monday Last, for the purpose of making a new treaty with the Indians, by which they get back their lands in Calumet, and will be allowed to remain in their present homes. They are to deliver up their lands west of the Mississippi, which they exchanged for those which they now occupy.—*Green Bay Adv.*

TEST OF DRUNKENESS.—We learn that a certain justice of the peace, who holds his courts in the neighborhood of a mile from this city, has adopted a novel mode of putting the test to all persons who are brought before him under charge of having taken too much stimulus. He has procured a long, narrow plank which is elevated from the ground by means of a brick at each end. This the accused is made to walk—or rather to attempt to walk. If he succeeds he is at once discharged, and the constable saddled with the costs; but, if he falls off, it is taken as *prima facie* evidence against him, and the sentence of the law is forthwith pronounced.—*Ohio Statesman.*

SALES OF REAL ESTATE.—A gentleman from Madison had purchased of Mr. Bachelder, a vacant lot in front of our office, 30 feet front by 70 deep, for $400, Mr. P. Stoesser, sold lot 16 in block 2 for $500. Mr. J. L. Bishop purchased lot 16 in Block 8 for $225. Mr. Wm Fuss purchased lot 6 in block 17 for $150. W. S. Hubbard purchased lot 7 in Block 44, for $250. The Decker House property has been sold to Mr John Martzner for $2,000.

Besides the above, the Proprietors of the village have sold several lots at prices raging from $100 to $200.—*Menasha Adv.*

EXCELLENT SPORT.—A company of five, among whom were two Justices of the Supreme Court, and two other distinguished citizens, went out upon Lake Mendota, day before yesterday, with their fishing tackle, and caught in about 2 hours *eighty-eight* fish, of the variety known as rock bass—one of the finest fish in the world. Over 40 of the lot were caught by Judge A. D. Smith, who, whether on the fugitive slave law, or bobbing for rock bass, is still ahead.—*Madison Argus, 1st inst.*

Barnum's Human Cattle Show

Is to take place next Tuesday, rain or shine. Calves from one day to 16 years old may be entered for prizes. The premiums to be paid, not to the young ones, but to their dam(e)s.—The following is the official list of utries and premiums:

For the permium of $50, $15 and $10, offered for the first, second and third finest suckling, under one year old, 28 entries.

The three similar premiums of $75, for the finest suckling from one to three years old, 31 entries.

The three premiums of $75 for the finest from three to five years old, 28 entries.

Three premiums of $75 for the finest twins, 7 entries.

The three premiums of $115 for the finest triplets, 5 entries.

The two premiums of $200 for the finest quartern, 1 entry.

There is a general premium besides, of $100 for the finest sample of any age under five years, and two premiums of $75 for the fattest calf under sixteen.

The premiums amount in all to eleven hundred dollars, and the lady judges will be authorized to add to the list any number of diplomas, at discretion.

Mrs. L. N. Fowler, M. D. delivers the address on the occasion. The show is designed to illustrate the breeding qualities of these mothers, and the effect of different kinds of milk, care and feeding upon their young, the value of human fat, *and also to put money into Barnum's pocket*. The fools are not all dead yet.

Rev. John Nolan has left the editorship of the Madison *Capital Gazette* to attend to his pastoral duties. Who is to succeed him as *chaplain* to Gov. Barstow we are not informed.—*Free Dem.*

That Free Democrat seems determined not to tell things just as they are. For shame! Mr. Free Dem, why don't you tell the matter just as the astute sheet is question told its own story. The Rev. Mr. N. has left to attend to *pastorial*, not pastoral duties. The latter we understand, but we suppose the former means some more visible means of support as it is blessed with an extra *i*—possibly the chaplaincy above referred to.—*Madison Patriot.*

We supposed the *i* a mere typographical error, and therefore took no notice of it. We should not like to have all such errors in our own paper set down to the credit of our literary taste, and therefore are disposed to attribute them to the compositor rather than to the writer.

AN IMPORTANT DECISION.—The General Land Office decides that small lakes or ponds are not embraced in the grant by the swamp land acts of 1850 and 1855.—*Washington Star.*

TWO CHRISTIANS WANTED.—*A Slave Catcher in Town.* There is now a *Reverend* gentleman in this city, from Missouri, endeavoring to contrive ways and means to take back to bondage two Christian men—brothers in the same church to which he belongs! He says his brethren are very valuable, and that they are chiefly so on account of their sincere and unaffected piety. Our Missourian's bowels yearn with compassion for their condition here, and he is quite sure, if the officers would only bring him into contact with his "property," that he could convince them that it is their Christian duty to return to his service. Perhaps they will not go,—who, then, has got two Christian men for sale? Who has a life lease on two Christian men—the consideration for hard work being hard fare, poor clothes, and an occasional flogging, to say nothing of the sanctuary exercises under the lead of the slave catcher from Missouri? Christian men wanted! Who in Chicago, has two Christian men for sale? Pious men, sincere men, brothers in "our church," only are wanted.

Mr. White Cravat, don't you think you had better go home and thank God that your slaves have escaped, and pray to him to keep you free from the sin of owning more. Try it a while!—*Chicago Trib. 31st ult.*

SQUABS.—Some ten miles south east of this village, near Little River, a large flock of pigeons have just hatched their young, and our citizens have had rare sport in bagging a large number of squabs. The woods for several miles in circumference, was, last week, all alive with pigeons and squabs; many of the trees are actually crushed to the ground with the burden of nests.—*Waupacca Spirit, 25th May.*

CHEAP LIVING IN TEXAS.—You borrow your neighbor's frying pan, hook his bacon, and make his hens lay in your own nest. Doughnuts grow on the bushes, and gutta percha oysters can be found most anywhere. For people of "limited means" and no principles, Texas opens a wide area for comfort and good eatables.

A. A. Lawrence, of Boston, has subscribed $1,000 to furnish arms to the Free State settlers in Kansas, and it is said that a quantity of arms and ammunition has been forwarded, including 60 of Sharp's rifles. If the Government refuses to protect the settlers in Kansas those weapons will be useful in vindicating the doctrine of squatter sovereignty.

At the request of his friends, Mr. Hiss is to deliver a lecture in Boston on the nunnery affair.

GREENWOOD CEMETERY.—Some 300 persons are kept employed in decorating this "City of the Dead," which now numbers nearly 50,000 tenants.—*N. Y. Mirror.*

A young child was permitted to pay a visit to his grandfather. He knew that he was highly venerated for his talents and learning, and felt a proportionate ambition to make a favorable impression. Seating himself with great deliberation, in a high chair, he crossed his short legs, and holding his head slightly one side, looked into the face of the lofty, dignified man, and said:

"What's your opinion, sir, of *the restoration of the Jews?*"

As one of the Madison coaches belonging to the "Old Line," was coming into town last evening, in neglecting to turn out sufficiently, it came in collision with a carriage which it met on the plank road, and both vehicles were overturned, injuring one or two of the passengers, but whether seriously or not we have not learned. The horses attached to the coach were frightened, and came into town at full speed, bringing with them only the forward axletree and one wheel of the coach. Some of the horses were injured and the coach badly broken.—*Portage City Ind.*

FLOURING MILL BURNT.—The Flouring Mill of F. Schaaf & Son, at Jerseyville, Illinois, was destroyed by fire on the 29th ult. and one of the sons of the senior partner perished in the flames. About 200 bbls Flour and 1500 bushels of wheat were consumed with the mill. Loss $15,000 Insurance $4000.

THE MAILS.—We regret that the assurances of the Milwaukee papers that the mails between that place and Chicago were about to be carried over the rail road, and moreover that there was to be two a day each way, are **not likely to be at once realized.—*Kenosha Telegraph.***

AN INDISPUTABLE FACT.—Fifteen State Councils of the South, and the Councils of N. York, Pennsylvania and New-Jersey, of the Order of Know-Nothings, are Pro-Slavery. Of course, the National Council will be unmitigatedly Pro-Slavery, and those who lean on the organization for help in the cause of Freedom, will lean on a broken reed, if not on a spear which will pierce them.

Some reckless editor has set the above afloat, and it is going the rounds without credit. The statement is "*indisputably*" ridiculous.—*Madison True American, K. N.*

We first set it afloat, and the statement is true as Gospel, if it is "ridiculous."

"HE COULDN'T STAND THAT".—A young gentleman of our acquaintance, who had been "paying his devours" (as Mrs. Partington would say,) to a young lady for some time suddenly left her. We asked him the reason, and he told us in the following words: "I had been with her, you know, for a good while, and noticed that she was rather cool in her remarks, and hinted that she would rather go home alone than have me with her; but I didn't mind that you know. Well, one night when we got to the door, says she, 'Mr.———, I do not wish your company any longer, and I will thank you to keep your place, and away from me.' That was a little too hard, and I wouldn't stand it. *I sacked her that very night!*"—*Lynn (Mass.) News.*

The new route to Milwaukee, *via* Waupun and Watertown has been open over a week and has not failed, regularly to connect with the cars at Oconomowoc for Milwaukee. Passengers by this route leave Fond du Lac at 5 o'clock in the morning, and arrive at Milwaukee the same evening at 6, in season to take the night boat for Chicago.—*Fond du Lac Union.*

STOP THIEF.—A wagon belonging to T. K. Gillett which was left standing in the street last Thursday evening, was stolen some time during the night. The thief nor wagon have not as yet been discovered.—*Fond du Lac Union 31st. ult.*

THE business of Lake Winnebago is getting to be a very heavy one. The boats are running full of passengers and freight.—*Green Bay Adv.*

SALE OF REAL ESTATE.—John T. Smith, Esq., sold his store and dwelling house, comprising one lot and a half, on the corner of Main and Bridge Streets, to W. D. Hillyer, Esq., of this place, for two thousand dollars.—*Jeff. Co. Jeff. 31st inst.*

SETTLED.—We say in the most determined and energetic manner—*Kansas shall come into this Union with a Constitution recognizing slavery* if she wishes to do so.—*Wash. Sen. (Dem.,) April 17th.*

Having settled that point, the editor of the *Sentinel* should now go and take Sebastopol.—*National Era.*

A drove 371 cattle, from Coles Co., Ill., passed through this place on Tuesday last, on their way to Blue Mound, Dane Co.—*Janesville Jour. 31st ult.*

"Now, gentlemen," said a nobleman to his guests, as the ladies left the room, "let us understand each other; are we to drink like men or like brutes?" The guests, somewhat indignant, exclaimed: "Like men, of course."—"Then," he replied, "we are going to get jolly drunk, for brutes never drink more than they want!"

STRAWBERRIES.—Mr. J. S. Chapin, of this city, yesterday exhibited to us a lot of strawberries which apparently leaves no chance for competition. Several of them measured 3¼ inches in circumference. They were raised in the bottom of an old, uncovered cellar, without special attention or care.—*Janesville Gazette, 2d inst.*

NEW YORK, May 31.—*Schuyler Bonds—Libel Suits &c.* In the U. S. Commissioner's office yesterday, Geo. Watcher, one of the parties arrested for being engaged in enlisting men for the British army, was discharged for want of evidence, while three others where held for further examination.

In the case of Miller vs. Schuyler and the Ill Central R. R. to cover the value of certificates for 300 shares of stock at a *pro rata* subscription, the Supreme Court held that Miller was entitled to the bonds and the Company was liable. Judgement for plaintiff $17,000.

The suit of Emroy Mathews vs. Moses Beach of the Sun newspaper to recover damages for an alleged libel in publishing a police report some five years ago, was terminated in the Superior Court this morning by a verdict for the defendant. This case has been before the public in out of court for five years past, and has been anxiously watched as having a very direct influence upon the independence of the press, which is fully sustained by the verdict.

BALTIMORE, May 31.—*Santa Anna.* The southern mail as late as due is at hand. The New Orleans papers contain the detail of the latest Mexican news. It is stated that after Santa Anna left Morelia in pursuit of the insurgents, no account of his progress had been received, but on the contrary reports which caused his partisans great alarm were every where current. The insurgents were understood to be prepared to offer energetic resistance to his operations.

AYER'S PILLS,

A NEW and singularly successful remedy for the cure of all Bilious Diseases—Costiveness, Indigestion, Jaundice, Dropsy, Rheumatism, Fevers, Gout, Humors, Wormness, Irritability, Inflammations, Headache, Pains in the Breast, Side, Back, and Limbs, Female Complaints, &c. &c. Indeed, very few are the diseases in which a Purgative Medicine is not more or less required, and much sickness and suffering might be prevented, if a harmless but effectual Cathartic were more freely used. No person can feel well while a costive habit of body prevails; for it soon generates serious and often fatal diseases, which might have been avoided by the timely and judicious use of a good purgative. This is alike true of Colds, Feverish symptoms, and Bilious derangements. They tend to become or produce the deep seated and formidable distempers which load the churchyards all over the land. Hence a reliable family physic is of the first importance to the public health, and this Pill has been perfected with consummate skill to meet that demand. An extensive trial of its virtues by Physicians, Professors, and Patients, has shown results surpassing any thing heretofore known of any medicine. Cures have been effected beyond belief, were they not substantiated by persons of such exalted position and character as to defend their testimony against all imputation of untruth.

Among the many eminent gentlemen who have testified in favor of these Pills, we only mention:

D.D. A. A. HAYES, Analytical Chemist, of Boston, and State Assayer of Massachusetts, whose high professional character is endorsed by the

HON. EDWARD EVERETT, Senator of the U. S.
ROBERT C. WINTHROP, Ex-Speaker of the House of Representatives.
ABBOTT LAWRENCE, Minister Plen. to England.
+ JOHN B. FITZPATRICK, Cath. Bishop of Boston.

Also, Dr. J. R. CHILTON, Practical Chemist, of New York City, endorses by

HON. W. L. MARCY, Secretary of State.
WM. B. ASTOR, the richest man in America.
S. LELAND & Co., Props's of the Metropolitan Hotel, and others.

Did space permit, we could give many hundred certificates from all parts where the Pills have been used, but evidence even more convincing than the experience of eminent public men is found in their effect upon trial.

These Pills, the result of long investigation and study, are offered to the public as the best and most complete which the present state of medical science can afford. They are compounded not of the drugs themselves, but of the medicinal virtues only of Vegetable remedies, extracted by chemical process in a state of purity, and combined together in such a manner as to insure the best results. This system of combination for medicines has been found in the Cherry Pectoral and Pills both, to produce a more efficient remedy than had hitherto been obtained by any process. The reason is perfectly obvious. While by the old mode of composition, every medicine is burdened with more or less of acrimonious and injurious qualities, by this each individual virtue only that is desired for the curative effect is present. All the inert and obnoxious qualities of each substance employed are left behind, the curative virtues only being retained. Hence it is self-evident the effects should prove as they have proved no mere purely remedial, and the Pills a surer, more powerful antidote to disease than any other medicine known to the world.

As it is frequently expedient that my medicine should be taken under the counsel of an attending Physician, and as he could not properly judge of a remedy without knowing its composition, I have supplied the accurate Formulæ by which both my Pectoral and Pills are made to the whole body of Practitioners in the United States and British American Provinces. If, however, there should be any one who has not received them, they will be promptly forwarded by mail to his address.

Of all the Patent Medicines that are offered, how few would be taken if their composition was known! Their life consists in their mystery. I have no mystery.

The composition of my preparations is laid open to all men, and all who are competent to judge on the subject freely acknowledge their convictions of their intrinsic merits. The Cherry Pectoral was pronounced by scientific men to be a wonderful medicine before its effects were known. Many eminent Physicians have declared the same thing of my Pills and even more confidently, and are willing to certify that their anticipations were more than realized by their effects upon trial.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Being sugar wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

For minute directions, see wrapper on the Box.
